AutoTrust Formula X

This warranty covers almost all mechanical and electrical parts (including labour to fit them) of the covered vehicle against mechanical and electrical breakdown as defined in this summary.

There is no restriction to the number of claims you can make, up to the value in aggregate of the vehicle purchase price. Please refer to your Validation Certificate for details of your maximum single claims limit.

Mechanical and electrical breakdown is the failure of a component, causing a sudden stoppage of its function, for a reason other than wear and tear, normal deterioration or negligence. Damage caused by the effect of overheating is not regarded as a mechanical breakdown under the terms of the warranty.

You are covered only for the parts described in this booklet. Your warranty does not cover more than the manufacturer's list price for parts.

Repairs must not start without the prior approval of the administrator.

What is Covered and what is not Covered

What is Covered

Your AutoTrust Formula X warranty covers almost all mechanical and electrical components on your vehicle against mechanical and electrical breakdown, subject to the conditions detailed in the AutoTrust handbook and the maximum claim limit. There are some components, such as service items, which are not covered.

Your AutoTrust Formula X cover has been extended to provide cover for wear and tear other than:

- 1 Repairs to brake and clutch systems where these are necessitated by worn or burnt out friction materials.
- 2 Repairs carried out to improve engine oil consumption where there has been no mechanical failure.

What is Not Covered

Whilst you have a high level of warranty cover, there are certain items which this warranty specifically does not cover and this includes, but is not limited to, the following:

- Body components such as strikers, hinges or any component which may

require adjustment from time to time

- Body panels, paintwork or glass
- Weather strips and body seals
- Interior trim including seat and seat belts
- Recharging of the air conditioning unit (unless required as part of a valid warranty repair)
- Software updates (unless required as part of a valid warranty repair)
- Renewal of brake components due to wear and tear
- Renewal of any clutch components due to wear, incorrect adjustment or misuse
- The clearing of fuel lines, filters, throttle bodies and pumps and damage to components due to the use of contaminated or incorrect fuel
- Airbags, wiring and connections, fuses, batteries, bulbs and LED illumination, exhaust systems, diesel particulate filters (catalytic converters are covered), wiper blades, wheel balancing and alignment, wheels, tyres and water ingress (including damage to covered parts caused by water)

- External oil leaks, lubricants, filter elements and any damage caused by frost or lack of oil, or anti-freeze or by impact, accident or negligence
 - Traffic management system, telephone including Bluetooth, TV/DVD and satellite navigation system, associated equipment of all types
 - Non-factory fitted radio cassette, CD player or any other in-car entertainment component
 - Normal maintenance services, and the replacement of such items as, but not limited to, spark plugs and plug leads
 - Any damage or losses to components that are not directly covered within the terms of this warranty
 - Burnt out, sticking or pitted valves
 - Damage resulting from the failure of a timing belt which has not been replaced as per the manufacturer's recommendations (proof required)
- Please note that oil, oil filter, gaskets, anti-freeze and brake fluid required due to the failure of a covered component are covered as part of a valid claim.
